Foreigners and overseas Korean who have stayed more than 6 months in Korea should be enrolled in the National Health Insurance mandatorily

The National Health Insurance is here to safeguard your healthy life.

Eligibility

- Foreigners and overseas Korean who have resided in the Republic of Korea for more than six months
- Foreigners who are visa holders of study(D-2) or marriage(F-6) are entitled to enroll as a date of entry into Korea.

Procedure to enrollment

- One can subscribe at the National Health Insurance Service without any reporting procedure
- If you do not receive any information sheet on how to register to the NHIS or an insurance contribution bill to pay, please visit a nearby NHIS Branch Office.

Insurance contribution and benefits

- (Insurance contribution) Each household's insurance contribution is calculated based on income and property of its household members (The average of each household's contribution is over KRW 113,050 as of 2019)
- If you wish to pay the insurance contribution as a family unit, visit a branch office of the service and ask to add your family members under your name (or the name of householder)
- Criteria for combining into one household are as follows
 - ① The residential addresses of family members are to be same
 - ② The scope of family members is a spouse and minor children (aged under 19)
- (Insurance benefits) Same benefits as the citizens of the Republic of Korea have

Restrictions on health insurance benefits in case of delaying payment of the insurance contribution

- Your health insurance benefits would be restricted when visiting hospitals and clinics
- Your residence permit would not be granted when requesting for a visa extension at the Korea Immigration Service of the Korean Ministry of Justice.

Inquiry / consultation (Weekdays from 9:00 am to 6:00 pm)
